NOBLE AIMS OF HEADS OF LOCAL JESUIT COLLEGE

Rev. Father Hudson Says They Endeavor to Make Good Christians and Citizens

APPEALS FOR CLOSER TIES BETWEEN ENGLISH FRENCH

Archbishop Legal Promises to Assist all He Can in Making the School a Success

A formal reception was tendered to His Grace Archbishop Legal, by the Jesuit Fathers and students, Sunday afternoon, at the opening of the school, blessing of the college. A large gathering of visitors, including the parents of the pupils, were present at the ceremony, among others being, The Hon. Judge Landry, Chief Justice of New Brunswick, The Hon. Justice Beetz, The Hon. Alfred Garfield, His Honor Mayor McNamara, The Hon. D. E. Lessard, Rev. Fred Leduc, O. M. I.; Rev. Father Coanor, O. M. I.; Rev. Father Boutin, O. M. I.; superior of the seminary of St. Albert; Rev. Father Guenier, Rev. Father O'Connell, Rev. Father Francis, O. F. M., and many other distinguished members of the clergy and laity.

In his opening address, which was read in French, in the recreation hall, Rev. Father Hudson, S. J., thanked His Grace Archbishop Legal for his energy in assisting him in his efforts to found a catholic college in Edmonton. The Hon. P. E. Lessard, The Hon. Mr. McKenna, and the French deputies, who constitute modern education, are endeavoring to obtain incorporation; he also rendered his sincere thanks to the Archbishop for his efforts to make it possible to open the college at an early date.

"The importance of this college, from an educational point of view," said Rev. Father Hudson, "cannot escape universal recognition and the hope is that every way our work may correspond to the expectations of the Roman Catholic of this province. In religious education, which is the basis of all other and similar institutions of Alberta are well able to give. In speaking of the bilingual question he expressed a hope that one day the college would be called upon to play an important role, receiving into its walls children of both nations, who would learn to love one another, and in a few years be able to represent pupils among the foremost citizens of Edmonton equipped to help their elders in the development of the Province of Alberta one of the most prosperous of the Dominion of Canada. In conclusion, he said that Divine providence had wisely added them to the ranks of the difficulties in so short a time.

Preservation of Tongue Speaking in English, Rev. Father Hudson said, "The French people, to tender a reception to our venerable archbishop, who so earnestly worked for the foundation of our college, we must endeavor to make it possible to invite him before today. We are happy to say that in the opening of the college we have endeavored to conform to the directions of our archbishop and to the desires of the whole population as well. The French people, who consider themselves at home in all the provinces of the dominion and who speak the French language through all Canada, have asked for a French course and as the English people, who are in need, we could not refuse to acknowledge their wishes. And I am glad that Mr. Stagen, the apostolic delegate, when he came to Edmonton, publicly approved of our standard without any restriction of any kind. But I have already said some months ago, provided we do our best to give satisfaction to the English speaking people there is no reason why every body should not be satisfied. Besides as a matter of fact there are bilingual people in other provinces and they are very prosperous, not to make any comparison with others. There is one in Nova Scotia under the supervision of the archbishop of Halifax, two in New Brunswick encouraged by the Bishop of Saint-John, two in Ontario, one started by the archbishop of Ottawa, the other approved by the Bishop of Saint-John, one in Manitoba, approved by the bishops and archbishops of Saint-Honore. We do not see why the Province of Alberta should not have the same advantages.

Have English Course "How these colleges are running I have not to say; it suffices to state that in Edmonton English speaking boys will have an English business course, taught as much as possible by English speaking teachers; this is what I promised on my arrival, and I am happy to say I have kept my word. Later on we will improve on present conditions, but let me tell you that we are looking for subjects and that this has left to you is to you to prepare vocations from childhood, teaching children to do away with selfishness, to be devoted ready to sacrifice, open to piety and religious feelings. There are complaints now and then for the lack of English speaking teachers; this is what is all very well but let me ask you if vocations to the priesthood are suffering, if the number of young men going to the seminary is decreasing, if the good example, abnegation, and if they are not often prevented by the desire and example of easy life. Boys and young men have to learn that it is praiseworthy to be at the head of a prosperous parish, but that perhaps it is harder to be at the head of a poor village, and nobler still to evangelize poor Indians, and that if they have not the courage to undertake such a humble task they ought by all means to ad-

OLD WINTER COUGHS NOW EASILY CURED

A New Remedy Now Comes Without the Use of Cough Syrups or Drugs

Just think of it—you can clear away that hard, racking cough drive it completely out of the system, make your self perfectly well by the new breathing cure that employs no medicine at all.

You wonder how? Very simple, indeed; you simply breathe in through a Catharhose Inhaler, rich balsamic essences that heal and soothe away the cough in a few hours time. The lining of the nose and throat with the lining of the lungs is cleared with the Gum Tree of Australia, which is probably the surest cold and cough cure in the world today.

Charles E. Cromwell, writing from Medicine Hat, says: "To cure a sneezing cold in about ten minutes the only thing I know of to do is to breathe through a Catharhose Inhaler. To relieve an irritated throat quickly, nothing can exceed Catharhose. It simply soothes up a cough of cold of any kind. I know of others who have humored on for months that Catharhose cured quickly. Now, every man I know carries a Catharhose Inhaler with him day and night, and in this country it is most useful and a perfect protection against all winter ills."

new what they cannot afford to initiate.

Spirit of The Gospel I may say that if you help in our work we will imbue your children with a spirit of the Gospel; we will teach them the great science of our Lord who says "If you will be perfect, you will cry your cross and follow Me." We will try to make your children solid Christians and also bright citizens. Our programs will be up to date and our teachers at the standard required for the highest modern education; we will form young athletes, encouraging without its abuse; we are teaching them to stand for right and we hope to form a cadet corps. But this is not all. I think it is not exaggeration to say that in a matter of years this college will be something lacking, especially in music. Children unfortunately hear too often: "which I would call wild and vulgar. For that reason we are only allowed for all boys a music and singing class, so that before long our boys will be able to read music, written by masters, learn songs, words by the famous poets, so that their tastes will be formed in such a way that they will desire what is desirable. Let me add that we are open to remarks and criticism, so that in doing our best we are open to improve all that is to improve. I thank my lord the archbishop for all he has done for our school and we will be known more and more what great care he took to make a success of this enterprise. I hope his lordship will continue to be benevolent towards us. From all I beg help, moral help, that is sympathy and also practical help, that is financial donations.

From Project to Reality. In reply to Rev. Father Heitzler His Grace Archbishop Legal again reiterated his efforts to assist the Jesuit Fathers, whose reputation as educators is an established fact. He admitted the reality of the work that had been effected. In April last the college was but a project. It is now a reality. He recognized the faith and their work to the goodwill of the citizens of Edmonton. He then proceeded to the chapel where he addressed the visitors in French. He dwelt upon the importance of Christian education, saying, "among other things that the Catholic church has never been opposed to the progress of the human mind. Roman Catholic has ever been amongst the foremost of the world. The Jesuit Fathers, blessing of the college, the ceremony was attended with the solemn benediction of the blessed sacrament. The study hall, rendered by the college hour, under the able direction of Rev. Fr. Lessard, S. J. His Grace the Archbishop, who presided at the ceremony, was accompanied by the clergy, and the community and other members of the clergy, after which he left in an automobile for St. Albert.

Consigned to Scrapheap London, Jan. 20.—It is stated that the Admiralty has issued an order forbidding any further trips by the "A" class submarines and it is believed that the remaining boats of this class will be consigned to the scrapheap.

IT ALL DEPENDS ON THE WINTER So important is the liver and so great is its influence on all other vital organs of the body that it may be said we have little to fear from the ordinary ill of life so long as the liver is in healthful working order. The digestive processes are so dependent on free action of the liver that any derangement of this organ brings trouble. Bilelessness and constipation follow, with headache and digestive distress. Additional work is thrown on the kidneys, and soon the whole eliminating system is deranged, and the blood carries poisons through the body. Careful eating is a great help towards keeping the liver light, but when it gets wrong there is nothing like Dr. Chase's Kidney-Liver Pills to restore the liver to healthful action. With the exception of bile by the liver, constipation and biliousness are cured, and the digestive and excretory systems are set on order. It is wonderful the benefit obtained by the action of Dr. Chase's Kidney-Liver Pills under these circumstances. A trial will convince you of their superior merit.

GREATEST HOCKEY GAME OF SEASON BILLED FOR TOMORROW NIGHT AT ARENA

GREAT HOCKEY GAME WEDNESDAY NIGHT DOMINION-ESKIMOS

Should Be Best Game Ever
Seen in City—Crowd of
4000 Expected.

TEAMS ARE TIED FOR

Extra Special Street Car Service
Will Be in Force—Game
Will Commence at 8:30

"The best ever"
This about hits
the mark in re-
spect to the big
hockey game to-
morrow night be-
tween the Eskimos
and the Dominion.
Undoubtedly it is
the most important
game so far this season.
The result of the
game will decide
the fate of two teams.
From all appearances it should be
about the hardest fought and fastest
game ever staged in Edmonton, and
with real hard ice the game should be
a "bun-banger". Looked at from any
angle, it is difficult to pick the
winner. In fact, it is doubtful if such
a tie will be possible until after the
final has rung.

If you say the Eskimos are fast, then
the Dominion are equally fast. If
you say the Eskimos' defense is weak
in great shape, then the Dominion
also have a strong defense. The
Eskimos have a great goalkeeper
Reid. Yes; but Court, May or Suther-
land are just as good. So there you
have a little to choose from: "You've
pay yer nickel and takes yer
chances."

The advance sale of tickets has been
far ahead of any hockey game ever
held in the city. All the reserved seats
are sold and a great many more could
be sold if they were to be had. It is
estimated by the managers of the
Arena that the crowd will number
around 4,000.

The Eskimos led a fast work-out on
Sunday and are showing wonderful
speed, and every man is in great con-
dition. There is a possibility that
"Curly" Lyne may be played in place
of Jimmie Sutherland, as he has
shown vast improvement in the last
couple of practices, and is a wonder-
fully fast skater and beautiful attack-
man. The rest of the team will be
the same as used in the last game.
An extra special street car service
will be in force after the game to con-
vey the big crowd to the city. It is
planned to have 20 to 30 cars waiting
at the gate just outside the rink, and
not across the railroad tracks, as has
been in the past.

at any time he may prefer."

MANY CHANGES IN AMATEUR ATHLETIC RULES TO BE MADE

Recent Congress of Amateur
Board at Berlin Draws up
New Statutes.

MISINTERPRETATION OF
RULES NOW IMPOSSIBLE
Meeting May Be Called to Dis-
cuss Various Changes in
Rules of Alberta.

That there will be a great many
changes in the rules of the Canadian
Amateur Athletic Union this year, is
the opinion of J. W. Ward, president
of the Alberta branch.
At an international meeting of the
Amateur Board held in Berlin recently,
at which were representatives of nearly
every country in the world, the entire
statutes were gone over and a new
set of amateur rules drawn up in-
volving several changes in some points,
and definitely pointing out the true in-
terpretations of others.

A copy of the entire body of the sta-
tutes has been sent to the president of
the union of each province in the Do-
minion, and these men are each send-
ing out to the members of the govern-
ing body of the union in their province,
a copy of the new rules for their con-
sideration. If all the members of the
Alberta branch are not agreed as to
the rules in their entirety, it may be
found necessary to call a meeting
and have the matter fully discussed.
The annual meeting of the A. A. U. is
to be held in Calgary in March and
the matter may be laid until that
time, as the calling of an extra meet-
ing involves considerable expense to
delegates, as they are each required to
bear their own expenses.

Some of the principle points set
forth in the new rules are as to what
an amateur may and may not accept as
prizes. For instance an athlete
must not accept as a prize, any article
the life of which is less than the life
of the athlete. Many exceptions to
this rule have been taken of late, in
the giving of such articles as shoes,
suits of clothing, etc., as prizes. Medals
and trophies only will be recognized
as proper prizes of award.
The definition of an amateur as set
forth in Rule No. 1, is that an amateur
is one who competes in any branch of
sport, only for the love of the sport. A
competitor may not wage or be in-
terested in a wager, or any competi-
tion on which he is engaged.
Although there are a great many
rules there are very plainly set forth,
and in such a manner, that there can
be no misinterpretation of any point,
as has been the cause of dispute in a
number of cases in the past.

"DOC" CARMICHAEL "HELLESPOIT" AT "NEARLY" SWIMS THE PANTAGES

The opportunity does not come to
swim in this world to be in
a single day from the every-day
walks of life to a "star" position in
the "theatrical" at one of the leading
playhouses in the country. But such
an opportunity was yesterday present-
ed to one of Edmonton's most popular
young athletes, in the person of "Doc"
Carmichael, the fast wing man of the
Pennant hockey team.

It happened thus: The headline at
the Pantages this week is a gorgeous
scenario entitled "The Priestess of
Kama". The plot of the playlet is
taken from the legendary stories of
the Hindus, and tells of one of the
handmaidens given to Kama, the
goddess of Love of the Buddhists, who
desires, while she may never herself
love or be loved, to have a glimpse of
some of the great lovers of the uni-
verse.

She has read the ancient Greek
story of the great Leander, a youth of
Abydos, on the Hellespont, who loved
Hero, the Priestess of Aphrodite, and
swam the strait every night to visit
her. And she has read on down
through history of other great lovers,
and her one wish is that she might for
a time go forth into the world and
see some of these historic couples.

Her wish, however, is denied her,
until the vision of the god Vishnu ap-
pears during the annual feast. The
feast is on, and the remainder of the
evening begins here all left her, when
she has a dream, and sees, as in real-
ity, several of the amorous couples
whose love affairs have been handed
down through ancient and modern his-
tory.

One whom she sees is Leander, the
great athlete lover of Hero. In her
vision she sees him standing there in
splendid "trunks" and she sees his
sweetheart Hero place a kiss upon his
cheek. (We take it for granted that
she would never have a kiss at the
"trunk" of Leander was to have been
taken by our own "Doc" Carmichael.)

It so happens that Mr. "Ted" Mur-
ray, the gentleman who has been with
the troupe in their tour around the
Pantages circuit in the role of Leander,
was taken seriously ill in Calgary
on Sunday with an attack of appendi-
citis, and a "hurry-up" call was neces-
sary for the management to secure a
suitable understudy.

Being told of the Pennant Athletic
club and of their bunch of "water-
works," the theater management made
a hurried call to the club's headquar-
ters, and after looking over their
"line" of athletes, made no hesitation
whatever in picking out "Doc" as the
most suitable man to fill the vacancy,
and immediately rushed him to the
theater and put him through a re-
hearsal.

To say that "Doc" made a "hit" is
putting it mildly. Indeed, he went
through the rehearsal without a hitch,
and the management then and there
made him a flattering offer to make
an eleven weeks' tour of the Pantages
circuit, "posting" him as the most
suitable man to fill the vacancy,
and immediately rushed him to the
theater and put him through a re-
hearsal.

"The eleven weeks' tour would have
taken 'Doc' down through the states
and back, ending up in Winnipeg."
"And the funniest part of it all,"
said "Doc," "is that the girl I was
supposed to be in love with in the
play is the daughter of Governor
Johnson of California."

Chinooks Easy Win.
No one in Edmonton was greatly
surprised when they heard that the
Calgary Chinooks had taken another
tumble out of the Centrals last night
in the southern city, and that, by a
very one-sided score. It was ex-
pected, as the Centrals are the weak-
est team in the inter-city league, and it
should never have been let into
the rink. The Chinooks certainly have clinched
the record for the total number of
goals scored this season. They also
had an 18 to 3 record against the same
team some time ago. The Chinooks
are now league leaders and will be tied
with the winners of tomorrow night's
game at the arena, who will promptly
prepare to leave the colors of the
southern team. Little interest was
manifest in last night's game in Cal-
gary, while the big game here tomor-
row night has attracted a great deal
of attention for ten days past.

Shot By His Brother.
Saskatoon, Sask., Jan. 19.—Laron W.
Eln Weiss, aged 11, lay at the point of
death in the city hospital here, the
result of being accidentally shot by
his brother with a .22 rifle. The ac-
cident occurred on his parents' farm, 30
miles from Saskatoon. Small hope is
entertained for his recovery.

CHAMPIONSHIP AT STAKE TONIGHT'S GAME SOUTH SIDE

Varsity-Pennant Game Should
Be Best of Season in North-
ern Provincial League.

VARSITY MUST WIN TO
REMAIN IN THE RUNNING
Both Teams Will Present Their
Strongest Line-up and
Game Will Be Fast.

"Can Varsity secure a win over the
Pennants tonight? This question is
today being discussed by the hockey
fans in general. The two teams meet to-
night at the south-side rink in the
most important game so far, in the
Northern Provincial league. The re-
sult of the game should be in doubt
until the last minute of play, as the
teams are very evenly matched and a
great deal is at stake.

If Varsity secure a victory over
their rivals tonight, they will then
be tied for first position in the league,
while a loss will forever prevent them
from capturing the championship title.
There is no doubt but that the Pen-
nants have an exceptionally strong
team, and may be counted upon to live
up to the reputation which they must
also be remembered that the Varsity
crew are up against a very definite
opposition—they must win to remain
in the championship running. And
they will have on the ice, a stronger
line-up than in the last two games, as
Dean will be back on the job at once,
and his presence will add very materi-
ally to the Varsity play.

The Pennants will present their usual
line-up, and also in the intermediate
game which follows, will have the five-
by bunch of youngsters that make each
a formidable showing against the Strath-
cons last week.

The two games tonight may be seen
for the price of admission and a
large crowd should journey across to
witness these important games. The
line-up of the senior teams is as fol-
lows:
Pennants. Position. Varsity
Wilson goal Lepton
Clubb point Russell
Russell cover Riley
Jim Smith cover Dean
Dean cover Bennett
Dunlop left wing Wilson
Carmichael right wing Dista
Jeffrey Harold Denton.

Carpenter Wins.
Nico, Jan. 20.—George Carpenter,
the French heavy-weight champion,
knocked out Pat O'Keefe, of Ireland,
last night in the second round. O'Keefe
went to the floor with a right hook to
the jaw, and stayed there. In the first
round O'Keefe was also floored, and
seemed to have little chance at any
time against the Frenchman.
After the fight Carpenter was chal-
lenged by Kid McCoy, the former
heavyweight, and by Geo. Gunther, of
Australia. He said he would take on
McCoy.

Gunboat Smith Coming.
Edmonton is to be favored with a
visit from the white heavy-weight
champion of the world, "Gunboat"
Edward Smith. The "Gunner" will
appear at the Pantages theater, week
of February 2. He will give an ex-
hibition of boxing, boxing and spar-
ring, and probably may be induced to
give a short "apple" on the whys and
wherefores of the boxing game as
he is seen from the inside, and may
tell how he turned the trick on the
recent "white hope," Arthur Pelly.

Hockey Scores.
Strathcona 4, Portage La Prairie 4.
Clives 9, St. Boniface 7.
Saskatoon 6, Humboldt 4.
Chinooks 12, Centrals 2.
